

BALANCE4kids

Join us for an informative presentation by
Dr. Heidi Morgan , BCBA-D (Board Certified Behavior Analyst)

Balance(d) Care **Classroom Etiquette and team building**

During this session, participants will receive support in key areas to enable them to emit an “I am ready and available” behavior to the teacher and to raise the likelihood of being referred to as the [para] professionals that they are. There’s no secret that aides are the glue that holds the classroom together!

Human dynamics and the behavior that results from them are intricate and inconsistent. However, having an organization that staffs with consistently professional behaviors can ready a group for wonderful teamwork.

Bio: Dr. Heidi Morgan is board certified as a behavior analyst (BCBA-D) by the Behavior Analyst Certification Board and credentialed School Psychologist. She has worked in the field of developmental disabilities since 1993 in numerous certified residential- and school-based positions. Dr. Morgan consults with Level 41 facilities throughout the San Andreas Regional Center catchment area and is licensee of three Level 41 facilities in Santa Cruz County. She has a host of special interests, one of which includes photographing persons with developmental disabilities and their caregivers.
