

BALANCE4kids

Balance4kids will be hosting an informational training by
Dr. Heidi Morgan , BCBA-D (Board Certified Behavior Analyst)

Replacement Behaviors

9-12 AM

Data Tracking: This session will be held in a setting that is conducive to learning, with visuals, tables to write, and the ability to visualize together using multimedia. Join us for a three-hour extensive discussion of data tracking, including but not limited to frequencies, durations, intensity, and use of interval recording methods. Bring your examples!

1-4 PM

Replacement Behaviors: Allow yourself the challenge of one of the most important questions of behavior analysis: What do you want instead? This session will focus on extending our discussion to appropriate, alternative behaviors and skills. Don't settle for behavior reduction when you can build skills simultaneously.

Bio: Dr. Heidi Morgan is board certified as a behavior analyst (BCBA-D) by the Behavior Analyst Certification Board and credentialed School Psychologist. She has worked in the field of developmental disabilities since 1993 in numerous certified residential- and school-based positions. Dr. Morgan consults with Level 4I facilities throughout the San Andreas Regional Center catchment area and is licensee of three Level 4I facilities in Santa Cruz County. She has a host of special interests, one of which includes photographing persons with developmental disabilities and their caregivers.
