

# BALANCE4kids

Join us for an informative presentation by  
**Dr. Heidi Morgan , BCBA-D (Board Certified Behavior Analyst)**

## **Behavioral Safety and Escalation Cycle Management**

Numerous models of crisis prevention and intervention have outlined the "escalation cycle" in order to provide caregivers and interventionists with predictability, support, and the ability to match their behaviors to an individual's behavior at a given time. In order to provide such cutting edge support, one must understand these cycles in general, but also in reference to the individual s/he is working with.

Bio: Dr. Heidi Morgan is board certified as a behavior analyst (BCBA-D) by the Behavior Analyst Certification Board and credentialed School Psychologist. She has worked in the field of developmental disabilities since 1993 in numerous certified residential- and school-based positions. Dr. Morgan consults with Level 4I facilities throughout the San Andreas Regional Center catchment area and is licensee of three Level 4I facilities in Santa Cruz County. She has a host of special interests, one of which includes photographing persons with developmental disabilities and their caregivers.
