Get Help With Writing Sub Notes

A time and place for you to finally write great notes for your subs!
Come prepared with an outline of information on your student.
We will be plugging this information into a standard template.
Information you will need:

- Type of support given to student (academic, behavioral etc)
- Student health issues (seizures, allergies, diapers?)
- Student behavioral issues. (runner, hitter?)
- Teacher expectations (how your classroom runs)

Notes need to be typed, so please bring your laptop to the class.

Ashley Basanese has worked with Balance4kids since 2003 and has been a Therapeutic Crisis Intervention Trainer (TCI) for the Balance4kids staff since 2006. Ashley earned her Masters in Counseling Psychology from JFK University and consults with Balance4kids as a behavior specialist.
